

Proposed Stewardship and Finance Lead Treasurer Contract Position For Congregational Approval, November 16, 2014

The Stewardship and Finance Commission proposes contracting with an external person/firm for accounting services in a Lead Treasurer role.

Background

Since the departure of Nussbaums as treasurers in 2012, Stewardship and Finance Commission has needed to look for a treasurer on three occasions. We have learned that our lead treasurer role requires a high level of accounting expertise and a time commitment that is too much for internal volunteers at this time. Because most of the budget year is ahead of us, and because contracting with an outside person/firm will require additional budget that wasn't approved as part of the current year budget, we are bringing this proposal to the congregation now for approval.

Proposal

Stewardship and Finance Commission is requesting adding \$5,200 to the FY 2014-2015 budget for the purpose of contracting with a person/firm to fill the lead treasurer role.
